## MOTORCYCLING QUEENSLAND

*Invites your school or association to participate in the QLD Schools Kick Start Program*

Motorcycling Queensland (MQ) is the state controlling body for motorcycle sport and recreation in Queensland. We are recognised and funded by the Queensland State Government (Department of National Parks, Sport and Racing) as the governing body. We employ seven full time staff, and are based at our head office in Ipswich. Motorcycling Queensland also manages a 750 hectare off road motorcycling facility at Coulson (near Boonah) called Queensland Moto Park.

## ABOUT THE PROGRAM

The Program is a coaching competency and motorcycling program to teach students the core skills to participate in off road motorcycling safely. The program can be conducted on site at your school – we only require an area of land about ¼ the size of a football field, or could be run at one of our many affiliated venues in your area (there are more than 80 affiliated motorcycling clubs located throughout the state).

### DELIVERED ONSITE AT YOUR SCHOOL

In all, the Program takes approximately 8 hours to complete. There is flexibility in the way that the Program can be delivered, either spread evenly over multiple weeks, during school sport / activities time, or as an after-school activity or even in a single block. The cost to participate in the program is \$150 per person.

# REQUIREMENTS TO PARTICIPATE

Participants in the program will be able to provide their own motorcycling equipment, consisting of: bike, helmet, gloves, goggles, boots (or full cover shoes) or Motorcycling Queensland does have stock of equipment (including bikes) that may be available for use by participants who don't have their own, this is subject to availability.
