

Ridernet - June 2023 Updates

Category	Topic	Action
National	Club Membership	Updated Club Membership Terms & Conditions
Events	Late Fees	Fixed a bug in the system as it was not displaying the late fee on the event entry receipts. Late fees are now displaying.
System	Duplicate Profiles	The system is now checking DOB, email address, first name and last name when a member creates a profile. If a duplication is found, the system will suggest the member contact MA or their RCB to confirm their Ridernet ID.
Event	Permit Receipts	System has been updated to show Club Name, Member Name and Member ID on the event permit receipts.
State	Remittance Report	The Remittance emails were pulling the incorrect data from the reports which has been rectified.
Event	Licence Check	System has been updated to check & flag licences for duration of event. The system will now flag riders and their licence as 'expired' (highlighted red) if their licence expires prior to the end of their event. This will flag on the RiderClass and Rider Participants reports.
System	System Roles	Admin Access - Club Administration & Race Secretary roles have been updated to allow back end registrations up to when the event has been marked as completed. A new Registration + button has been added to the event view line under Events > Manage Events.
Event	Pre populating Sign On Sheets	Pre population of sign on sheets have been released into the system. We are aware of some minor issues that will be rectified next release.
National	Licence Document Review	Partial Release
